2013 President

President's Message – Timing

As the end of my year approaches I look back and think, “What was one action I implemented that made a difference in our Membership?” That, my friends, is “Timing”!

I found it important to present our Guest Speakers in a strategic order throughout the year that created interest for our membership to keep them returning to our Business Resource Meetings.

After the summer break it was important to have a Key Speaker that would rally the troops back to the remaining luncheons. (It is at this time you start to see member involvement drop off).

Our August BRM luncheon Speaker was Commissioner Judy Lowe/ADRE, and Diana Williams/VP Fidelity National Financial. Diana spoke to us about current “Fraud Trends” and Commissioner Lowe spoke to us about “What was making her Phone Ring”. Judy and Diana are both dynamic speakers and for the first time I can remember we had a full house! Standing room only!

Timing is important throughout the year for us and for many reasons. It gives you peace of mind when you are not working in chaos. It keeps our membership excited and energized and Encourages Realtors to join!

Timing at this stage of the game is vital! Understanding your schedule, preparing yourself for the rest of the year, reminding the current and incoming Board of Directors of their commitment is the key to a successful completion of 2013.

And this does take “TIME”!

TICKETS
\$30.00
